

An Open Letter to the POTUS/FLOTUS/USA Congress/Governors Announcing the Launch of Best Cure Global Healthcare Delivery

Krishnan Suthanthiran, President & Founder of the Best Cure Foundation and TeamBest Global Companies, Launches Best Cure Global Healthcare Delivery

WASHINGTON, DC, USA, June 29, 2022 /EINPresswire.com/ -- [Krishnan Suthanthiran](#), Founder & President of [Best Cure Foundation](#) (BCF) and [TeamBest Global Companies](#), was invited to speak at the recent Global Health Innovation Conference in Baltimore, MD about his Global Healthcare Delivery.

Mr. Suthanthiran believes that college education should not be a debt sentence for young adults and that every individual deserves the best healthcare available. Education is the most effective way to eliminate poverty and to promote global understanding and peace.

Over the last three years, it is estimated that more than 20 million global citizens may have lost their lives to COVID and more than 500 million (half a billion) citizens may have been infected with COVID, suffering in varying degrees. Health is wealth. The health of every individual, family, community, village, town, city, state, province/territory and country has a direct impact on the economy/prosperity of every country, and the entire world. More than 100 trillion USD in productivity has been lost world-wide over the last three years, causing huge supply disruptions and leading to escalating costs and higher inflation.

The goals of the BCF are to:

(1) Provide purified drinking water and affordable sewer systems in every part of the world by 2030,

(2) Establish a global standard of healthcare delivery system using a hub & spoke model with express and mobile clinics linked to general and super specialty medical centers, and
(3) Reduce suffering/deaths from major diseases such as cardiac, cancer, diabetes, etc. by fifty percent toward the end of the next decade.

To view Krishnan Suthanthiran's presentation "Rethinking Medicine—Best Cure Global Healthcare Delivery" from the 2022 Healthcare Innovation Congress in Baltimore, MD, please visit
